## The British Columbian.

NEW WESTMINSTER, WEDNESDAY, NOV. 30, 1864.

### THE ST. ALBAN'S OUTRAGE.

The extraordinary outrage—bold in conception and execution and bloody in its sequel—committed on the 19th October in St. Albans, a town in the State of Vermont, and not far from the frontier, has caused intense excitement in Canada. The circumstances are briefly these:—During the two or three days immediately preceding the outrage about thirty persons arrived in that town in twos and threes, putting up at the various hotels. There was nothing in their appearance or actions calculated to excite suspicion. At 3 o'clock of the 19th parties of five each simultaneously entered the three banks, armed with revolvers, which they presented at the heads of the cashiers and tellers, demanding immediate surrender of the funds in their charge. Resistance was out of the question, and the robbers became possessed of and carried away from \$150,000 to \$200,000. While the fifteen were thus employed their confederates had improvised horses at the livery stables with which the whole party made their escape. In obtaining possession of the horses the villains found it necessary to use their revolvers freely, wounding one of the stable proprietors in the hip. But, not content with that, they shot at and seriously wounded a gentleman who was peacefully walking past, and in the most wanton manner shot a girl by the roadside as they rode along. They made for Canada, from whence it appeared they had come. Two were arrested before reaching the line, and at latest accounts 14 were in custody in Canada, the authorities there having taken the most active measures in the matter. A large amount of money had been found upon the persons of those arrested, and one of them, a youth of nineteen, while in jail at St. John's, C. E., had made important disclosures respecting the plot, from which it appeared that the expedition was commanded by a Confederate captain, duly commissioned for that purpose. The Canadians are naturally indignant that refugees from the States, who have sought the protection of the British flag, should seek to make neutral soil the theatre of a border warfare, and what is far worse, the refuge and resort of such cowardly cut-throats as at least a portion of the gang inclined to have proved themselves to be. Should developments in the course of the trial of these men tend to identify the Confederate government with this infamous transaction Canada will become too warm for Southern refugees. It is suspected by some, and certainly not without a show of reason too, that those raids point to a deep laid scheme, the object of which is to embroil the British and the Federal Governments in difficulty. If such was the object they have sadly missed their mark, as the promptitude and goodwill with which the Canadian authorities have co-operated with the Federal Government for the purpose of putting a stop to all such movements cannot fail to lead to a good understanding between the two Governments, and convince the most skeptical and unreasonable Yankee that young John Bull, like his father, is determined to maintain a strict and honorable neutrality in respect to the bloody and protracted contest which has no long raged next door.

**CANNIBALISM IN AUSTRALIA.**—An eye-witness of the present condition of the Australian aborigines has recently written home to say that:—“On the occasion of his visit they were broiling the carcass of a defunct Miall. The cannibals like their meat underdone. The deceased wretch was disembowelled in the first place and his entrails placed in a ‘dilly bag,’ which was immediately shouldered by a native hag. A fire was then kindled, and the body was thrown thereon. After frizzling for a few minutes a common descent was made upon it—a cannibal scramble, in fact. The carcass was severed into fifty parts and in its raw condition was devoured without the slightest affectation of sympathy, nausea, shame, or indignation. The bones were picked very clean, and the result was a splendid skeleton.”

**NEW ZEALAND FREE EMIGRATION.**—The New Zealand Government Emigration Board despatched during the month of September two vessels to New Zealand with emigrants, principally married people, to whom free passages were granted. The first was the *Helenslee*, 793 tons, which sailed on the 10th of the month from Glasgow, with 265 statute adults, under the care of Mr. Wilmhurst, surgeon superintendent; and the second was *Matoaka*, 1,323 tons, which sailed from London on the 17th, with 363 statute adults, under the care of Mr. Jonas King, surgeon-superintendent. These were the first two vessels despatched to New Zealand under the new regulations for providing emigrants with free passages to the colony.—*Times*, October 1st.

## NOTICE TO MARINERS! ENTERING FRASER RIVER.

BEACONS (formed with clusters of piles) having been constructed on the Fraser River Sands, the following sailing directions are published for general information:—

On the South Sand there are 3 Beacons.  
On the North Sand there are 5 Beacons.  
Numbered consecutively from 1 to 5.  
No. 1, South Sand Head, placed in 7 feet low water, a cable N.W. of Buoy distinguished by a pole elevated 20 feet above the piles on which is fired a large Cask, the pole, cask and one pile painted RED.  
No. 2, North Sand Head, a cable to the West of Buoy, placed in 5 feet at low water, distinguished by a large Diamond, formed with boards, elevated on a pole 20 feet above the piles. This Beacon is all BLACK.  
No. 3, North Sand, about half the distance between Chequered and Black Buoy, distinguished by White and Black horizontal stripes, placed in 6 feet at low water.  
No. 4, North Sand, nearly abreast of Black top Buoy, is a Black Top Beacon, 1 cable distant, placed in 5 feet at low water. The top being a Black triangle, formed with broad slats on a White pole, elevated 16 feet above the piles, which are whitewashed.  
No. 5, North Sand, on the Spit, 1½ cable S.W. of Red top Buoy, is a Red Top Beacon, which is placed in 5 feet at low water, distinguished by a large Cask, painted RED, elevated on a White pole, 10 feet above the piles, the upper part of the piles being whitewashed.  
No. 6, North Sand, 1 cable distant, N.W. of Buoy, distinguished by a large triangle, the apex of which is on the lower part of the pole, and formed with White boards, elevated 15 feet above the piles. This Beacon is all WHITE, and makes a conspicuous object either for entering or leaving the river.  
No. 7, South Sand, is a BLACK Beacon, placed in 6 feet at low water, having only a St. Andrews Cross, elevated on a pole 10 feet above the piles.  
No. 8, South Sand, about a cable length from No. 7, placed in 1 foot at low water, is a WHITE Beacon, formed with a St. Andrews Cross, as above. As these Beacons, Nos. 7 and 8, are intended to lead Vessels of large draught over the Bar in the deepest water, they are hereafter alluded to as Beacons.  
All Buoy and Beacons on the North side of the Channel are to be passed on the Port hand.  
The instructions issued by Captain Richards, R.N., in the V. I. and B. C. Pilot, are still applicable for entering Fraser River. The Beacons constructed on the Sands, indicating the locality of the Buoy, remove a great difficulty hitherto experienced by navigators in distinguishing the several Buoy.

For Vessels of large draught the Beacons will be found invaluable, as by taking care to port sufficiently soon, so as to cross when in a line, they will lead over the Bar carrying from 19 to 22 feet at HIGH WATER (in all other parts of the Channel much deeper water will be found). After the Red Top Beacon is brought in a line with the White Beacon, the Buoy may be with safety rounded; then steer in direction for the White Buoy and Beacon, and from thence to Garry Point.

NEW WESTMINSTER, WEDNESDAY, NOV. 30, 1864.  
WILLIAMS CREEK HOSPITAL—HOW SHALL IT BE MAINTAINED.

The hardships and privations incident to mining in Cariboo are neither few nor small; and when we reflect to what an extent the prosperity of the colony depends upon the exertions of those noble fellows who have braved so many difficulties, and, by opening up the rich gold-fields of Williams Creek, have invested the name "Cariboo" with that talismanic interest which is now so wide-spread, it is impossible for either government or people to ignore the duty which devolves upon them of mitigating as far as they can the sufferings to which the toiling miner is exposed. So long as he enjoys the blessing of health, and the use of his limbs and faculties, we are perhaps called upon to do nothing more than cheapen the price of food in every legitimate way, and guard as much as may be against unequal and oppressive taxation upon the unrelaxed labor of the mining classes. But when he comes to be prostrated upon a bed of sickness, whether by disease or accident—and that means a great deal more in Cariboo than amidst the comforts and appliances of civilization—an appeal which may not be unheeded is made to government to make some provision for his care and comfort. We are aware that, as a rule, beneath the rough exterior of the miner there beats a warm, generous and sympathetic heart, which would lead him to part with his "bottom dollar" or share his last pound of "grub" with an unfortunate and afflicted brother. Yet, notwithstanding all this, we know that without some organized scheme for the relief of the sick much neglect, suffering and death must be the result. Thus it has been found necessary to establish that institution which forms the heading to this article. It will be seen by reference to an abstract statement published elsewhere that this Hospital has, during the year ending 5th October, 1864, given relief to forty-five persons, while only three have died within its walls. Who will say what suffering has been averted in the case of the 48 persons who were inmates of that valuable institution, or how many more of the number would have died had it not been for the relief thus extended to them? Much as the Hospital has accomplished we understand that its usefulness has been considerably circumscribed from straitened finances. Last year £1,000 was voted for Hospital purposes, one moiety of which went towards the support of the Cariboo Hospital. But when it is remembered that the cost of maintaining patients therein is \$5 per diem the reader will easily see how utterly inadequate such a sum must prove for that purpose. Assuming that the number of patients in Hospital averaged four, it would cost \$7,300 a year to maintain the institution. If we subtract the government grant from that sum it leaves \$4,800 to be provided for in some other way. How is so large a sum as that to be raised? It is evident that to rely upon voluntary local effort would never do; for although a few of the miners and traders are abundantly able to give liberally yet the great bulk of them clearly are not; and thus the burthen would be thrown upon a few, who might or might not be disposed to do even their duty in the matter. We are not quite prepared to advocate the assumption of the entire expense of maintaining the Hospital by the government, although, until some more equitable and certain mode than that of voluntary subscription is hit upon, the institution should undoubtedly be maintained, if necessary, at colonial expense. If a tax upon gold were levied we should at once say that the Hospital ought to be supported out of the proceeds of that tax; for nothing could be more fair than that those who lose health or limb in developing our gold fields should receive succor from a revenue derived directly from the product of the mines. It has been suggested that an extra dollar might be collected upon mining licenses for Hospital purposes. But this would be an additional tax upon unrealized labor, which, unfortunately, is taxed to death already. We hope to see some plan adopted by which the institution will be placed upon a firm and healthy basis, as regards financial support; for, in every other respect, we understand it is well managed at present. So far as the attendant physician is concerned we are assured that Dr. Chipp deserves the greatest praise for the diligent and skillful manner in which he has rendered his gratuitous services during the past year.

#### A CARD.

I BEG TO RETURN MY SINCERE & GRATEFUL thanks to the inhabitants of New Westminster and British Columbia in general, for the numerous and highly esteemed favors received at their hands since my entering into business in 1859, under the firm of HARRIS & CO., Butchers and Cattle Dealers; and at the same time to inform them that I have this day disposed of my business to DICKINSON BROTHERS, who, I am assured, will use their utmost endeavors to justify the future support of those who may honor them with their patronage.

October 1, 1864. THOS. HARRIS.

#### DICKINSON BROTHERS,

IN SUCCEEDING TO THE BUSINESS LATELY carried on by Mr. Harris, would most respectfully assure the inhabitants of New Westminster and British Columbia generally that it will be their utmost aim and endeavor to merit a continuance of the support so liberally bestowed on their predecessor.

**PUBLIC NOTICE.**  
**CONVEYANCE OF MAILS**  
THROUGH  
**BRITISH COLUMBIA.**

SEALED TENDERS will be received at the General  
Post Office, New Westminster, up to 12 o'clock  
(noon) of the 17th day of December, 1864, for the con-  
veyance of Letters, and the usual Government Mail  
matter, through British Columbia, for one year from  
1st June, 1865.

1. From 1st June, 1865, to 31st October, 1865, and  
from 1st April, 1866, to 31st May, 1866, Mails to be  
dispatched from New Westminster to Williams Creek  
and intermediate stations every Wednesday and Satur-  
day, at 2 o'clock p. m., arriving at Hope, Yale and  
Douglas the following day, Lillooet and Lytton on or  
before the third day, Clinton on or before the fourth  
day, Quesnelmouth on or before the seventh day, Wil-  
liams Creek on or before the tenth day.

2. From 1st November, 1865, to 31st March, 1866,  
Mails to be dispatched from New Westminster 3 times a  
month, at intervals of not less than 10 days, or more  
than 12 days, arriving as above at the various down  
stations.

3. From 1st June to 31st October, 1865, and from  
1st April to 31st May, 1866, Mails to be dispatched  
from Williams Creek twice a week, at intervals of not  
less than 3 days or more than 4 days (such days to be  
specified by the contractor) for New Westminster and  
intermediate stations, arriving at Quesnelmouth on or  
before the third day, Clinton on or before the fifth day,  
Lytton and Lillooet on or before the sixth day, Dou-  
glas, Yale and Hope on or before the eighth day, New  
Westminster on or before the tenth day.

4. From 1st November, 1865, to 31st March, 1866,  
Mails to be dispatched from Williams Creek 3 times a  
month, at intervals of not less than 10 days or more  
than 12 days, arriving as above at the various down  
stations.

5. When the navigation is interrupted by ice, the  
service up and down will only be required 3 times a  
month, and less if the Postmaster-General deems it  
sufficient.

6. The contractor to furnish at least two approved  
sureties in the sum of £1,000 for the bona fide charac-  
ter of his tender, and for the due performance of his  
contract, and to be subject to the usual conditions in  
Government postal contracts.

All further information necessary can be obtained  
at the General Post Office, New Westminster.

**THE SUFFERER'S BEST FRIEND.**  
**HOLLOWAY'S PILLS.**

All Disorders affecting the Liver,  
Stomach and Bowels.

These Pills can be confidently recommended as the  
most simple and certain remedy for indigestion, flatu-  
lency, acidity, heartburn, colic, constipation, and all the  
many maladies resulting from disordered stomach or  
bowels. In all diseases it is of primary importance to  
set the stomach right. These Pills are purifiers, altera-  
tives, and strengtheners of the stomach. They may  
be taken under any circumstances. Though powerfully  
tonic, and satisfactorily aperient, they are mild in their  
operation, and beneficial to the whole system.

**Weakness and Debility, Nervous  
Irritability.**

The wholesome effect exercised by these admirable  
Pills over the blood and fluids generally is like a charm  
in dispelling low spirits, and restoring cheerfulness.  
Their general aperient qualities well fit them for a dom-  
estic medicine, particularly for females of all ages and  
periods of life, who never betray any disagreeable  
irritating qualities; they quickly eject all impurities  
from the system, and regulate every function of the body,  
giving wonderful tone and energy to weak and debilit-  
ated persons, while they brace and strengthen the ner-  
vous system in a most extraordinary manner.

**To Regain Health, Strength and  
Vigour.**

Whenever persons find themselves in that state termed  
a "little out of health," and there are so many causes  
at work to shorten life, it is necessary that Hollow-  
ay's Pills, the finest purifier of the blood ever known,  
should be at once taken, as they not only rid both solids  
and fluids of all morbid matters, but regulate all disor-  
dered actions, and strengthen the frame in a most ex-  
traordinary manner.

**Old Coughs, Colds and Asthmatical  
Affections.**

These Pills, assisted in their action by rubbing Hol-  
loway's Ointment very effectually twice a day upon the  
throat and chest, and keeping those parts covered with  
the preparation, will be found the most effectual rem-  
edy for asthma, coughs, colds, bronchitis, and influenza.  
These remedies tranquilize the hurried breathing,  
soothe the irritated air-tubes, and assist in discharging  
the phlegm which stops up the air-passages. This  
treatment has proved wonderfully efficient in not only  
curing old settled colds, but asthma of many years  
standing, and even when patients who were in so bad a  
state as not to be able to lie down on their beds lest they be  
choked with phlegm.

**Derangement and Distention of the  
Bowels, Flatulency, Diarrhoea  
and Dysentery.**

Any symptoms of the above complaints should be im-  
mediately met by appropriate doses of these Pills, ac-  
cording to the printed directions: delay may be fol-  
lowed by disastrous consequences. These Pills are a  
certain remedy for all the ailments of the alimentary  
canal, they secure the thorough digestion of the food,  
and act most kindly on the stomach, liver, bowels and  
kidneys. As a household medicine they are unrivalled,  
and should always be at hand.

**Very Important, of Costiveness  
Beware.**

Rarely but little notice is taken of costiveness, yet,  
at certain periods, it is a sure sign that danger is near.  
All who are seized with apoplexy and paralysis, have  
previously suffered from costiveness. In the former  
case the blood flies to the head, a small vein is ruptured  
on the brain, and we know the rest. Let wives coun-  
sel their husbands, and husbands their wives, never to  
suffer from costiveness, if the bowels have not been  
properly moved during the day, particularly if they feel  
heavy and drowsy. A few gentle doses of these fine  
Pills will regulate the circulation of the blood, and all  
dangerous symptoms.

Holloway's Pills are the best remedy known in the world  
for the following diseases:—

**NOTICE.**  
COLONIAL SECRETARY'S OFFICE,  
22nd October, 1864.

THE GOVERNOR directs it to be notified that it is  
his intention to bring before the Legislative Coun-  
cil a Bill revising the Land Laws of this Colony, and  
particularly as affecting the method of acquiring un-  
surveyed Crown Lands. From and after the date of  
this notice, until the question has been decided by the  
Legislature, all the Crown Lands of the Colony are re-  
served from pre-emption, and instructions have been  
given to the several Magistrates not to receive any fur-  
ther records of pre-emption, unless with the sanction  
of the Government. This sanction will be granted in  
every instance where it shall appear that the tranquili-  
ty of the Colony, and the public interests, are not likely  
to be prejudiced.

By command,  
CHARLES GOOD,  
for the Colonial Secretary.

COLONIAL SECRETARY'S OFFICE,  
New Westminster, Sept. 27, 1864.

THE GOVERNOR has before him a proposal for the  
establishment of steam communication between  
Panama and New Westminster, and is of opinion that  
terms acceptable to the Colony may be secured, if Coal  
be found within a reasonable distance of the navigable  
portion of Fraser River.

Notice is, therefore, hereby given that a reward of  
ONE HUNDRED POUNDS will be granted for the dis-  
covery of a SEAM of COAL, fit for steaming purposes,  
and capable of being worked with advantage, within  
one mile of Fraser River, at or below Yale, or within  
a mile of Burnard's Inlet.

This reward may be increased should the Coal be  
discovered within convenient proximity of the spot  
to which it is proposed that the Steam Vessels should  
resort.

The Governor in Council to be the sole judge as to  
whether the Premium is to be awarded.

By command,  
CHARLES GOOD,  
for the Colonial Secretary.

COLONIAL SECRETARY'S OFFICE,  
New Westminster, June 2nd, 1864.

IN PURSUANCE OF CERTAIN RESOLUTIONS OF  
the Legislative Council, passed during the late ses-  
sion, the Governor has authorized the following Pre-  
miums to be offered with the view of developing the  
resources of, and stimulating industry throughout, the  
Colony:—

1. A Premium of FIVE HUNDRED POUNDS (£500)  
to be paid to any person or persons who shall be the  
first to show to the satisfaction of the Government that  
he or they have successfully worked any COAL MINE  
within the Colony of British Columbia, and have bona  
fide produced from such mine Two Hundred (200) tons  
of good Coal, and have shipped the same to any Port  
beyond the limits of the Colony.

2. A Premium of FIVE HUNDRED POUNDS (£500)  
to be paid to any person or persons who shall be the  
first to show to the satisfaction of the Government that  
he or they have successfully worked any COAL MINE  
within the Colony of British Columbia, and have bona  
fide produced from such mine Two Hundred (200) tons  
of good Coal, and have shipped the same to any Port  
beyond the limits of the Colony.

3. A Premium of FIVE HUNDRED POUNDS (£500)  
to be paid to any person or persons who shall prove to  
the satisfaction of the Government that he or they have  
been the first to find any new ALLUVIAL MINING DIS-  
TRICT sufficiently extensive to give remunerative labor  
to Five Hundred (500) men for a period of not less than  
Six (6) months.

4. A Premium of FIVE HUNDRED POUNDS (£500)  
to any person or persons who shall prove to the satis-  
faction of the Government that he or they have been  
the first to find any new ALLUVIAL MINING DIS-  
TRICT sufficiently extensive to give remunerative labor  
to Five Hundred (500) men for a period of not less than  
Six (6) months.

The Governor in Council to be the sole judge as to  
whether any of the above Premiums are to be awarded.

**ALL CURES MADE EASY!!**

**HOLLOWAY'S OINTMENT.**

**Bad Legs, Ulcerous Sores, Bad  
Breasts and Old Wounds.**

No description of wound, sore, or ulcer can resist the  
healing properties of this excellent Ointment. The  
worst cases readily assume a healthy appearance when  
ever this medicament is applied; sound flesh springs  
up from the bottom of the wound, inflammation of the  
surrounding skin is arrested, and a complete and per-  
manent cure quickly follows the use of the Ointment.

**Piles, Fistulas and Internal Inflam-  
mation.**

These distressing and weakening diseases may with  
certainty be cured by the sufferer themselves, if they  
will use Holloway's Ointment, and closely attend to the  
printed instructions. It should be well rubbed upon  
the neighbouring parts, when all obnoxious matter will  
be removed. A poultice of bread and water may some-  
times be applied at bed time with advantage; and most  
scrupulous cleanliness must be observed. If those who  
read this paragraph will bring it under the notice of  
such of their acquaintances whom it may concern, they  
will render a service that will never be forgotten, as a  
cure is certain.

**Rheumatism, Gout & Neuralgia.**

Nothing has the power of reducing inflammation and  
subduing pain in these complaints in the same degree  
as Holloway's cooling Ointment and purifying Pills.  
When used simultaneously they drive all inflammation  
and depravities from the system, subdue, and remove  
all enlargement of the joints, leave the sinews and  
muscles lax and uncontracted. A cure may always be  
effected, even under the worst circumstances, if the use  
of these medicines be persevered in.

**Eruptions, Scald Head, Ringworm &  
other Skin Diseases.**

After fomentation with warm water, utmost relief and  
speediest cure can be readily obtained in all complaints  
affecting the skin and joints, by the simultaneous use of  
the Ointment and Pills. But it must be remembered  
that nearly all skin diseases indicate the depravity of  
the blood and derangement of the liver and stomach,  
consequently, in many cases, time is required to purify  
the blood, which will be effected by a judicious use of  
the Pills. The general health will be readily improved,  
although the eruption may be driven out more freely  
than before, and which should not be promoted; per-  
severance is necessary.

**Sore Throats, Diphtheria, Quinsy,  
Mumps & all other Derangements  
of the Throat.**

On the appearance of any of these maladies the Oin-  
tment should be well rubbed at least three times a day  
upon the neck and upper part of the chest, so as to  
penetrate to the glands, as salt is forced into meat;  
this course will at once remove inflammation and sore-  
ness. The worst cases will yield to this treatment by  
following the printed directions.

**Scrofula or King's Evil and Swelling  
of the Glands.**

This class of cases may be cured by Holloway's puri-  
fying Pills and Ointment, as their double action of puri-  
fying the blood and strengthening the system renders  
them more suitable than any other remedy for all com-  
plaints of a scrofulous nature. As the blood is impure  
the liver, stomach and bowels, being much deranged,  
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following  
cases:—

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and	Sore Nipples.
Burns.	Stiff Joints.	Sore Throats.
Bunions.	Elephantiasis.	Skin Diseases.
Bite of Mosquitoes	Fistulas.	Scurvy.
and Sand-Flies.	Gout.	Sore-heads.
Coco-bay.	Glandular Swel-	Tumors.
Chiefo-foot.	lings.	Ulcers.
Corns (soft).	Lumbago.	Wounds.
Cancers.	Files.	Taws.
Chilblains.	Rheumatism.	

Sold at the establishment of PROFESSOR HOLLOWAY,
